History

The name of Julié纳斯 come from « Jules Caesar ». The vineyard is situated north to Beaujolais vineyard , both at the limit of Gamay area and at the boundary of Chardonnay grape variety area.

The estate Domaine de la Conseillère got its name from Clos de la Conseillère, a plot of vines of 1hectare.

The Domaine spreads over five hectares on South exposure slopes, to the east of Julié纳斯.

Soil

Julié纳斯 vineyard lies on meagre, arid and granite soils over a subsoil rich in manganese and porphyry. The eastern part lies on deep and clayey soils.

Wine

-Robe : Deep and dark ruby

-Nose : Powerful, floral (peony) and fruity (strawberry, redcurrant and raspberry).

-Mouth : Well-structured, well-balanced with a good length
